Program Dagstuhl seminar "Secure Architectures in the Cloud"

December 4-9, 2011

Version 2011-12-01

	Sunday 4-12	Monday 5-12	Tuesday 6-12	Wednesday 7-12	Thursday 8-12	Friday 9-12
7:30 - 8:45		Breakfast	Breakfast	Breakfast	Breakfast	Breakfast***
9:00 - 10:30		Introduction	Talks	Mid-seminar review	Talks	Talks
10:30 - 10:45		Short break	Short break	Short break	Short break	Short break
10:45 - 12:15		Working groups	Working groups	Working groups	Results from WGs	Summary
12:15 - 13:30		Lunch	Lunch	Lunch	Lunch	Lunch
14:00 - 15:30		Computing keynotes*	Talks	Social event*	Talks	Departure
15:30 - 16:00	Arrival**	Short break	Short break		Short break	
16:00 - 17:45		Architecture keynotes*	Demo session		Panel discussion*	
18:00 - 19:00	Dinner	Dinner	Dinner		Dinner	
19:30 - 21:00	Arrival**	Social event	Project meetings		Follow-up activities	
21:00 -	Wine and cheese	Wine and cheese	Wine and cheese	Wine and cheese	Wine and cheese	

* joint sessions with seminar 11491

** Dagstuhl staff present 15:00 - 19:00

*** Please check out before 9:00

Colour coding:

Non-seminar activities	Working groups
Food and drinks	Special sessions
Talks	High-level content

Some participants may be asked for an interview by ComputerClub 2 (cczwei.de) during the demo session on Tuesday.
There will be a presentation by DBLP (computer science literature database) in connection with the panel discussion on Thursday.

Detailed session program - Tuesday

9:00 - 10:30	Arosha Bandara - Adaptive information security for cloud services: Relating security requirements to design Soeren Bleikertz - Security assurance in virtualized infrastructures Travis D. Breaux - Privacy and security requirements in the cloud
10:45 - 12:15	Working groups
14:00 - 15:30	André van Cleeff - Computing is not a normal utility Martijn Warnier - BOTCLOUDS - The future of cloud-based botnets? Sebastian Graf - Versatile key management for secure cloud storage
16:00 - 17:45	Working groups
19:30 - 21:00	Project meetings or free time

Detailed session program - Thursday

9:30 - 10:30	Lizzie Coles-Kemp - Impact of cloud computing on security management practices Marianne Winslett -
10:45 - 12:15	Results from working groups
14:00 - 15:30	Anna Monreale - Privacy and integrity issues in data mining outsourcing Toni Mastelic - Energy efficiency in cloud and related security issues Sven Bugiel - Security and privacy aspects of real-life cloud deployments
16:00 - 17:45	Panel discussion
19:30 - 21:00	Follow-up activities
