

Dagstuhl Seminar 15102 - Secure Routing for Future Communication Networks

	Sunday	Monday	Tuesday	Wednesday
Breakfast from 7:30-8:45	The Dagstuhl staff is strict with meal times :-)			
9:00 - 10:30		+ Welcome by Matthias + Intro of participants + Intro talk by Steven	Wrap-up + Update A, B, C, G (Plenary Discussion)	Wrap-up + Update D, E, F (Plenary Discussion)
Coffee				
10:50 - 12:10		+ Talk by Adrian + Talk by Randy + Agenda, plan, goals by Amir + Picture of Group	Parallel sessions D - Inter-domain E - Mobile/Wireless F - QoS/DoS, Forwarding security	Wrap-up + Reserved
Lunch (12:15)				or lunch boxes for early departure
13:30 - 15:30		Parallel sessions A - Taxonomy B - (R)Evolution C - Anonymity/privacy	Social event: 1h Hiking/Biking around Dagstuhl Castle from 14:30 Parallel sessions contd.: D - Inter-domain E - Mobile/Wireless F - QoS/DoS, Forwarding security	Departure
Coffee	Arrival, registration from 15:00 to 19:00; mind your door code if you arrive early or late			
15:50 - 17:50		Parallel sessions contd.: A - Taxonomy G - Intra-domain C - Anonymity/privacy	Parallel sessions contd.: D - Inter-domain E - Mobile/Wireless F - QoS/DoS, Forwarding security	
Dinner (18:00)				
	Cafe, wine, cheese, discussions in cafeteria, wine cellar, music room, etc.			

WG (A) Towards a taxonomy on routing security

WG (B) Revolution and/or evolution?

WG (C) Anonymous and privacy-preserving routing

WG (D) Securing inter-domain routing

WG (E) Routing security in mobile/wireless networks and delay-/disruption-tolerant networks

WG (F) Forwarding / data-plane security

WG (G) Intra-domain routing security
