

Register Proposal

Please review the entire form before completing it.

Contact Author Information

Further authors can be added later on from DOSA's main menu.

If you change an author by editing the information here, please make sure that you also change the CV if you have already uploaded it.

Name:
First/Given Name Last/Family Name

Organization:
Please specify only the name of your university, company, or similar (for example, "University of Podunk", "Podunk Software Corporation", "self-employed", "unemployed", "retired",...). Do not include your department or division, except when it constitutes the institution itself, i.e., "Department of the Interior".

Country:
Please select ISO 3366-1 country names.

Email:
Please provide your email address. In general, most of our information messages are sent only to the "Contact Author" (see below).

Homepage:
Please provide the URL of your homepage, if available.

Gender:

Title:

Industry: **Yes**
Please tick if you are a researcher who works for an industrial company.

Authors Justification:

If your proposal has multiple authors from the same organization, please give a sound scientific justification for this in the space above, and in the proposal itself.

General Information

Proposal Title

Please do not include as part of the title "Dagstuhl Seminar", "Proposal", or any similar phrase. Please capitalize your title.

Organizational Issues

Type of Event Dagstuhl Seminar Dagstuhl Perspectives Workshop

Number of Participants About 45 About 30

Duration 5-day seminar 3-day seminar

In general: 5-day: Arrival Sunday afternoon, begin Monday morning, end/departure Friday noon. 3-day: Arrival Sunday afternoon, begin Monday morning, end/departure Wednesday noon. All combinations between number of participants and duration are possible. Organizers chose only in special cases the combination of a 3-day seminar with 45 participants.

Resubmission

If your proposal is based on a previous submission classified by our Scientific Directorate as "Postponed", "Resubmit" or "Reject", please provide the proposal number of the original submission as stated in the notification letter (e.g. 99-0910).

Predecessor

If your proposed seminar succeeds a previous one in the same area organized by at least one organizer of your team, please give the seminar number of its predecessor (e.g.11123).

Technical Areas

Miscellaneous

- Seminar might warrant a press release for the mainstream media.
- Seminar is relevant to industry or industrial research.
- Seminar is interdisciplinary, e.g., it covers a research area outside the field of informatics.

Topics

To help us match proposals to reviewers, please select one to three areas that are most relevant to your proposal:

- artificial intelligence, robotics
- bioinformatics
- computer graphics, computer vision
- data bases, information retrieval
- data structures, algorithms, complexity
- hardware
- mobile computing
- modelling, simulation
- multimedia
- networks
- operating systems
- optimization, scheduling
- programming languages, compiler
- security, cryptology
- semantics, formal methods
- society, human-computer interaction
- soft computing, evolutionary algorithms
- software engineering
- verification, logic
- world wide web, internet

Keywords:

Please use single words or short phrases and separate them by ";". Please use no more than 5 words / phrases.

Content

Abstract:

Please restrict yourself to about 250 words. The abstract should summarize the scientific content of your proposal and should be fully comprehensible to potential reviewers who have not read the complete proposal. Proposal reviews will be selected and assigned solely on the basis of the abstracts.

Abstract CC-BY:

Please enter here the names of the authors attributed to the abstract. Please do not include persons not listed as authors of the proposal. If the proposal is accepted, Schloss Dagstuhl might publish the abstract as a short seminar description. In case of publication it will be published under a Creative Commons CC BY license (<http://creativecommons.org/licenses/by/3.0/>). The authors retain their copyright.

Privacy

Your proposal will be subject to the usual scientific processing process, i.e., will be evaluated by reviewers and analysed by Schloss Dagstuhl. As the proposal does contain personal data, we ask you to enable us to so by consenting to the following terms and conditions.

- Schloss Dagstuhl will store and process your proposal, including using automated systems. ([more](#))
- For the purpose of evaluating your proposal, it will be passed to reviewers, who might reside outside the European Union. ([more](#))
- For the purpose of evaluating and making a decision on your proposal, it will be passed to the Members of Schloss Dagstuhl's Scientific Directorate.

I hereby accept the above terms and conditions.

Password

Please provide a password that you will remember. You will need this password, together with the proposal identification number that you will receive via email upon submission of this form, for logging into the submission system DOSA later on.
