

Dagstuhl Seminar 09211
Visualization and Monitoring of Network Traffic
17.05.09 - 20.05.09

Goals

The goal of the seminar is to bring together people from two different communities (visualization and networking). The participants should get to know each other, exchange experience, identify research problems, and perhaps create ideas for future joint research activities and projects.

Agenda (as of 2009-05-08)

- Sunday (2009-05-17):
participants arrive, informal meetings to socialize
- Monday (2009-05-18):
 - 09:00 Opening (1st day)
 - 09:20 Visualization Keynote
Jack van Wijk: Network Visualization
 - 10:30 Coffee Break
 - 10:50 Networking Keynote(s)
Harald Weikert: Network Traffic Visualization with IsarFlow
Felix Wu: On Detection and Analysis of BGP Anomalous Dynamics
 - 12:15 Lunch
 - 13:30 Visualization Talks
 - 15:00 Coffee Break
 - 15:30 Networking Talks
 - 18:00 Dinner
 - 20:00 Demos with Wine and Cheese
- Tuesday (2009-05-19):
 - 09:00 Opening (2nd day)
 - 09:15 Group work (coffee in between)
 - 12:15 Lunch
 - 13:00 Presentation of group results
 - 15:00 Social Event (Exkursion to Trier)
- Wednesday (2009-05-20):
 - 09:00 Discussion
 - 10:30 Coffee
 - 10:45 Conclusions and Closing
 - 12:15 Lunch

Social Event

As you can see, we plan for a social event on Tuesday afternoon. The details will be organized on Sunday/Monday (depends also on the weather situation). Note that the costs of the social event are not covered by Dagstuhl and we may have to ask for some contribution from you to cover any expenses (e.g., transportation costs).

Further Information

If you have questions concerning the seminar's content and structure, feel free to contact the organizers. For questions concerning your registration etc., please contact Claudia Thiele via email to <service@dagstuhl.de>.
