

Dagstuhl Seminar 14292:

Network Attack Detection and Defense:

Securing Industrial Control Systems for Critical Infrastructures

SCHLOSS DAGSTUHL
Leibniz-Zentrum für Informatik

Time	Agenda
13.07.2014 (Day 0)	
20:00 -	Informal gettogether
14.07.2014 (Day 1)	
09:00 - 10:30	Welcome, 2 minutes introduction of participants, scheduling of short talks, and forming of working groups
10:30 - 11:00	Break
11:00 - 12:15	Presentation " <i>Examples of cyber-attacks on SCADA systems for the electrical grid and their consequences</i> ", Gunnar Bjoerkman, ABB (30 min talk + 45 min discussion)
12:15 - 14:00	Lunch
14:00 - 15:30	Short Presentations (15 min talk + 15 min discussion)
	Slot 1
	Slot 2
	Slot 3
15:30 - 16:00	Break
16:00 - 17:45	Working Groups 1 & 2
17:45 - 18:00	Day summary
18:00 -	Dinner and informal activities
15.07.2014 (Day 2)	
09:00 - 10:15	Presentation " <i>Towards Resilient Control of Critical Infrastructures</i> ", Alvaro Cardenas, UT Dallas (30 min talk + 45 min discussion)
10:15 - 10:45	Break
10:45 - 12:15	Working Groups 3 & 4
12:15 - 14:00	Lunch
14:00 - 15:30	Short Presentations (15 min talk + 15 min discussion)
	Slot 4
	Slot 5
	Slot 6
15:30 - 16:00	Day summary
16:00 - 18:00	Hiking in the area (if weather allows)
18:00 -	Dinner and informal activities
16.07.2014 (Day 3)	
09:00 - 10:15	Presentation " <i>Security of Train Control Systems</i> ", Stefan Katzenbeisser, TU Darmstadt (30 min talk + 45 min discussion)
10:15 - 10:45	Break
10:45 - 11:30	Wrap-up and Closing
11:30 - 12:15	Individual discussions or individual WG wrap-up
12:15 - 14:00	Lunch
