

Dagstuhl Seminar: Decision-Making Modeling and Solutions for Smart Semiconductor Manufacturing

Sunday, November 1

1500 Invitees begin arriving  
1800 Supper

Monday, November 2

800 Convene: introductions, administrative matters, process  
900 Keynote Chen-Fu Chien  
1000 Break  
1030 Industry Overviews  
1200 Lunch & Free Time  
1400 Talks on Specific Smart Manufacturing and Supply Chain Topics  
1530 Break  
1600 Talks on Specific Smart Manufacturing and Supply Chain Topics  
1800 Supper

Tuesday, November 3

800 Convene: recap previous day, discuss goals for today  
830 Talks on Specific Smart Manufacturing and Supply Chain Topics  
1000 Break  
1030 Talks on Specific Smart Manufacturing and Supply Chain Topics  
1200 Lunch & Free Time  
1400 Keynote John Fowler  
1530 Break  
1600 Breakout I: Smart Semiconductor Planning and Control Decisions  
1800 Supper

Wednesday, November 4

800 Convene: recap previous day, discuss goals for today  
830 Breakout II: Requirements for Performance Assessment of Smart Planning and Control Decisions  
1000 Break  
1030 Breakout Reports and Discussion  
1200 Lunch & Free Time  
1400 "Wednesday afternoon outing"

Thursday, November 5

800 Panel: Simulation Testbed for Assessing Smart Semiconductor Manufacturing Planning and Control Decisions  
1000 Break  
1030 Wrap Up Session  
1200 Adjourn & Lunch
